

DEAR CAPTAINS OF INDUSTRY
The invitation to participate.

**THE LARGE BUSINESS COMMUNITY OF OWNERS, CEOs AND TOP
MANAGEMENT OF PRODUCTION-INDUSTRIAL COMPLEX
RUSSIAN FEDERATION**

We invite You to take part in the formation of an Industrial Network, there will be formed the industrial elite of the country, the business community identified the captains of industry who will lead the ships of the Russian economy on the rivers, seas and oceans for international cooperation.

We offer You to take advantage of innovative online service, search for new business partners, opportunities to manage business development, finding new corporate customers and consumers, take advantage of the investment lift, to use a national technology initiative to deal with issues of strategic development in the online, reconstruction, modernization of enterprises, and online services, optimization of expenses and costs.

The purpose of the Industrial Business Networks is to build direct strategic communications between key figures in the business community, industry, science and government of Russia, at the level of owners, General Directors and top management, in order to create the conditions for economic prosperity of Russia in the international arena.

In the Russian original science and industry was inseparable connected, and today the conditions of the global economy dictate the necessity of recreating a strong synergistic partnerships and implement powerful multiplicative jump in the economy through the unification of science and industry, the state and the business community in the Industrial Business Network.

Identifying global and/or fundamental needs and capacities of the industrial complex of Russia, will allow each participant to develop their unique strategic infrastructure decision for development of the manufacturing industry.

We invite to cooperation investment, credit and financial, insurance, leasing, and innovative technological company for development of Your business.
